KIDS EMPOWERED

Kids Empowered Program

The Mission of Girls Empowered/Kids Empowered ... is to help boys and girls improve their confidence, self-esteem and health, learn life skills and develop a positive self concept in a safe, supportive learning environment. We have over 9 years of experience in creating both fun and innovative programs using original curriculum. *Empowered kids grow into powerful adults!*

We are currently training educational staff to use our curriculum in their lesson plans to teach students confidence, self-esteem, assertiveness, decision making, communication, healthy living, and how to deal with bullying. We strive to create an environment in which every child is successful, safe, and comfortable with **WHO** they are while learning to stand up for themselves and others using kindness and empathy as a model

Goal: To implement a school-wide anti-bullying program that increases awareness of and lowers all relational aggression and uses kindness and empathy as a model within the school community. This will be done by targeting the students through an assembly program, special events, after-school programming, and training teachers and parents to maintain consistent delivery of the curriculum and providing informational handouts and graphics to reinforce the message.

Assemblies: Pick Your Stick

In this anti-bullying/peer relationships assembly, children will learn that they have a choice and the power to decide how they respond in situations and treat other children. The Bully (Meanie behavior), Bystander, Doormat, and Empowered Kid roles will be taught. A copy of a hand-out that explains the roles and strategies will be given to make copies for the parents.

Parenting Workshops

Our parenting workshop runs for 1 ½ hours and is designed to provide parents with an understanding of the dynamics of relational aggression, to familiarize them with the terminology of the Pick Your Stick program and to provide information on self-esteem building. Middle school preparedness workshops are also available upon request.

Teacher In-Service Program/Lunch Aides/Administration

We will provide a 2 hour teacher training on the Pick Your Stick program, relational aggression and address any specific problems that may be occurring in your specific school. Role plays and curriculum will be provided so that teachers can follow-up to support the anti-bullying goal.

Staff Training

We can provide a one day training for teachers to use activities and ways to incorporate teaching confidence, assertiveness, self-esteem, and dealing with mean kid behavior in their lesson plans. Training includes a 75 page manual filled with activities.

6 week after-school programs

Classes are 1 hour long and use role plays, crafts, games and discussions to teach lessons. Sample descriptions below. Programs can be modified to fit objectives.

Special Event programs

We can do Mother/Daughter, Father/daughter, Mother/son, Father/son, Girls Nites Out, Boys Nites Out, Kids Nites Out and Family programs. Sample programs are listed below. Programs can be modified to fit objectives.
